

Electro-Magnetic Drilling System

unibor

UTE100

CUTTER CAPACITY 12 - 100MM

Twist Drill Capacity:	32mm
Chuck capacity:	20mm / 3MT
Motor:	1,800W
Variable Speed Range:	50 ~ 450 rpm
Weight:	26kg
Dimensions:	L 375mm H 505mm W 130mm
Stroke:	270mm
Magnetic Adhesion:	1814kgf
Magnetic Dimensions:	220 x 110 x 65mm

Features

- 2 Mechanical Gear Selections
- 5 Electronic Speed Selections
 - 1st Gear: 50, 70, 90, 110, 130 RPM
 - 2nd Gear: 160, 230, 305, 380, 450 RPM
- Ideal for drilling stainless steel, bisalloy, mild steel
- Versatile - utilises both twist drills and broaches - OZBROACH, Cembre C8 hard metal & Jetbroach cutters (OZBROACH & Cembre cutters are *MADE IN AUSTRALIA*)

Applications

- Steel Fabrication
- Stainless Steel Fabrication
- Mining Equipment Maintenance
